# REPORT OF FOREST FIRE WARDENS

In the past year your local forest fire organization did a very fine job of pre-suppression and suppression of forest fires. Our early spring was very dry and with extra high winds and all our fires were during that period. We find that the general public is still very careless with matches and cigarettes.

In the "Keep America Green" program there is a story of two bad boys who cause most of our forest fires. The first one we call, "I don't care." He is the person that builds fires anywhere, never gets a permit to burn brush or has a safe place for his home incinerator. He is also very careless with matches and cigarettes. The other one is called, "I don't know any better," and the best way to describe him is a plain dunce. It is only with your help that these two bad actors are controlled. Their carelessness can be the cause of our pretty and valuable woodland to be destroyed by fire. Even your own home can be burned by them.

It is up to you and you alone to report these two characters to your local forest fire warden whenever you see them operating. To have our woodlands green and our mountain streams clear, your co-operation is needed by:

1. Seeing that your incinerator is tight and is sitting on clean ground.
2. Always clean a space about any open fire to prevent it from spreading.
3. Never burn in dry windy weather.
4. In all cases a written permit is required from your local town fire warden.
5. Be sure that your matches, cigarettes and pipe ashes are out before discarding.

It is with your co-operation that this shameful waste of timber and money can be stopped.

Number of fires, none; number of permits issued, 10.

## REPORT OF SCHOOL NURSE

Dear Mr. Appleton:

I hereby submit my annual report of the health program for the past year, 1950-1951.

Throughout the year I have been able to have the eyes and ears of all pupils tested and all defects corrected or under treatment.

Since dental care is a year-round program, I am very happy to report a 65% correction of all the dental cavities. This is a slight increase over the past few years, and parents should feel proud of their personal efforts.

We were unable to hold our customary Child Health Conference and Immunization Clinic this year, as our State Nurse has been at school preparing for her B.S. Degree. However, plans are under way to have the clinic this coming year.

I wish to express my appreciation for the help I have received from the members of the School Board, Superintendent, Teachers, Red Cross, Salvation Army, State Sight Conservation Program.

Their co-operation has made this program possible.

Respectfully submitted,

JULIA T. COX

School Nurse
